

Independence Eye Associates, LLC
Information Packet

Release of Medical Information

I hereby authorize Independence Eye Associates, LLC to release any information to my insurance carrier and its agents needed to determine authorized health insurance benefits or the benefits payable for related services.

Lifetime Insurance Authorization

I request that payment of authorized health insurance benefits be made to me or on my behalf to: Independence Eye Associates, LLC, for any services furnished by the physicians and staff employed there.

Once Independence Eye Associates, LLC, has obtained my one-time authorization, they may submit any later insurance claims on either an assigned or non-assigned basis, without obtaining any additional signature from me. In submitting claims, they should indicate in the patient's signature space "signature on file."

Medicare Refraction Fee

Medicare does not pay for the refractive portion of eye exams. This is the portion of the exam which determines whether or not you need to wear eyeglasses or need a change in your prescription. This is a standard procedure completed on most yearly comprehensive eye exams. Medicare will not pay for this fee as it is considered part of a "Routine Vision" exam, and Medicare only covers "Medically necessary" procedures.

As a result, we are now required to charge you for the refractive portion of your exam. The fee for this procedure is \$40.00. If you are refracted during any visit, you will be required to pay this fee before leaving the office. You may refuse to be refracted during any visit but you **must** inform the front desk staff **prior** to being seen if you would like to refuse.

Please be advised that this fee is in addition to the normal deductibles and co-pays that Medicare always requires for the medical portion of your eye exam. If you have any questions regarding this policy, please contact Medicare directly.

Referral Responsibility

Many insurance companies today require that patients secure a "referral" from their primary care physician before being seen by a specialist. Because there are numerous insurance plans (even within the same insurance company), it's impossible for us to keep track of when referrals are needed and when they are not. The circumstances vary from plan to plan. As a result, **we must insist that each individual patient assume responsibility for securing referrals**

when they are needed. If you are not sure when you need to get a referral, please inquire with your insurance company. If your insurance company rejects our claim for services rendered due to failure to secure referral from primary care physician, you will be held personally accountable to pay the bill.

No Insurance Card/s

I hereby acknowledge that I do not have my insurance cards with me today. I will call the office within 48 hours to report my insurance numbers. I acknowledge that if I do not call the office with my insurance numbers, I am personally responsible to pay for my appointment.

1. Confidential communications. You have the right to request that our practice communicate with you about your health and related issues in a particular manner or at a certain location. For instance, you may ask that we contact you at home, rather than work. In order to request a type of confidential communication, you must make a written request to Janet Kielty: Office Administrator, specifying the requested method of contact, or the location where you wish to be contacted. Our practice will accommodate reasonable requests. You do not need to give a reason for your request.

All requests for an "accounting of disclosures" must state a time period, which may not be longer than six (6) years from the date of disclosure and may not include dates before April 23, 2007. The first list you request within a 12-month period is free of charge, but our practice may charge you for additional lists within the same 12-month period. Our practice will notify you of the costs involved with additional requests, and you may withdraw your request before you incur any costs.
